BUILDING PERMIT #: _____

PROPERTY OWNER: _____ **TELEPHONE:** _____

MAILING ADDRESS: _____

EMAIL ADDRESS: _____

SITE LOCATION: _____

In lieu of submission of an erosion and sediment control plan for the construction of a single family dwelling described above, I agree to comply with any reasonable requirements determined necessary by employees of Wythe County, representing the Erosion & Sediment Control Program Administrator or Inspector. Such requirements shall be based on the conservation standards contained in the Wythe County Erosion & Sediment Control Ordinance and shall represent the minimum practices necessary to provide adequate control of erosion and sedimentation on or resulting from this project.

As a minimum, **all denuded areas on the lot shall be stabilized within 7 days** of final grading with permanent vegetation or protective ground cover in accordance with the Virginia Erosion and Sediment Control Handbook. And as required by the ESC Inspector.

I further understand that failure to comply with such requirements within three working days following notice by the representative of Wythe County could result in citation for violation of the Wythe County Erosion and Sediment Control Ordinance and the Virginia Sediment and Control Law and Regulations.

Minimum Measures Specified by the Plan Approving Authority:

1. Silt Fence, Construction Entrance, and other erosion control measures will be installed at the location determined by the ESC inspector.
2. All ESC measures must be in place prior to or as the first step in clearing or land disturbance.
3. Any debris tracked onto a public street must be removed by shoveling or sweeping by the end of each day.
4. Other measures, as specified by the ESC Inspector:
